

CARL JAYSON ELI BONAOBRA

Location: Ph 2 Blk 8 Lot 13, Ecoverde Espacio, Brgy. Banjo East, Tanauan City, Batangas

Email: carljaysonelibonaobra@gmail.com | Phone: +63 9932193483

GitHub: <https://github.com/eerinx>

OBJECTIVE

A motivated Computer Engineering student with strong foundations in both hardware and software development. Experienced in building embedded systems, web applications, and circuit-based projects. Eager to apply technical skills and contribute to real-world technology solutions.

EDUCATION

Bachelor of Science in Computer Engineering

University of Batangas | 2023 – Present

STEM (Science, Technology, Engineering, and Mathematics)

Pamantasan ng Marikina | 2021 – 2023

With Honors

Conception Integrated School (Secondary Level)

2017 – 2021

With Honors | Techie Award (CSS Graduate)

H. Bautista Elementary School

2011 – 2017

With Honors

TECHNICAL SKILLS

Programming: Python, C++, Java

Web Development: HTML, CSS, Basic System Development

Hardware & Embedded: Arduino, Microprocessors, Circuit Design, Soldering

Tools & Software: AutoCAD, Eagle CAD, Cisco Packet Tracer, Linux Terminal

Networking: Cisco I (Completed), Cisco II (Ongoing)

Other: AI Prompting, Basic Automation

PROJECTS

Water Level Indicator System

Designed a hardware-based system that detects and indicates water levels using sensors and output indicators.

7-Segment Shot Clock

Built a digital countdown timer using 7-segment displays and electronic components.

24-Second Shot Clock System

Developed a microcontroller-based system simulating a real-time basketball shot clock.

LabScentique – Fragrance Web System

Created a web-based platform for browsing perfumes with search functionality and user interface design.

CERTIFICATIONS

- ICpEP Regional Convention & CpE Challenge Participant
 - CpElympics 2026 Participation
 - Ethics and Security in Digital Trade Seminar
 - Tech Nexus 2024 – Campus DEVCON
-

LEADERSHIP & EXPERIENCE

- Class Representative (1st Year – 3rd Year)
 - Active Organization Officer
 - Participant in multiple academic and technical seminars
-

CORE STRENGTHS

- Problem-solving and analytical thinking
- Team collaboration and communication
- Adaptability and fast learning
- Responsible and detail-oriented

CAREER OBJECTIVE

To build a successful career in Computer Engineering by gaining experience in software, hardware, or networking fields, and contributing to innovative and impactful technology solutions.
